

Università di Roma Tor Vergata

INTERNATIONAL CBRNe MASTER COURSES

Chemical, Biological, Radiological, Nuclear and explosive

Department of Industrial Engineering and School of Medicine and Surgery

2nd

Announcement

1st International CBRNe Workshop "IW CBRNe 2014"

"Strategies and solutions to face ongoing global CBRNe threats"

The aim of this workshop is to give a detailed overview on the actual CBRNe risk scenarios, focusing on:

- *Bioterrorism and biological emergency scenarios;*
- *CBRNe mass casualty incidents: new models of collaboration to counter medical emergencies;*
- *Chemical risks: Syria and Gioia Tauro;*
- *H2020 and CBRNe: let's work together!*
- *New perspectives to face the risk: the civil, military, private, and academic point of view*
