NCT is coming to Israel! Asia's number one CBRNe event is joining the Israeli Defence Exhibition (ISDEF) for the first international CBRNe Conference and Exhibition in Israel. Situated in a high conflict region, Israel is threatened by the use of CBRNe agents from both state actors and terrorist organisations. Preparing against this threat is of crucial importance for Israel. Following in the footsteps of our highly successful NCT CBRNe Asia 2012 conference, exhibition and CBRN demonstration, NCT: CBRNe Israel 2013, will bring together experts, end users, policy makers, industry and procurement staff to discuss this most important threat to Israel and international cities, infrastructure and people. The event takes place concurrently with ISDEF 2013.

Feedback from Previous IBC Events

"I was more than happy with NCT: CBRNe Asia 2012. The event took place in an ideal setting and we had our portable decontamination equipment used by the Royal Thai Government during the CBRN demonstration. The Royal Thai Government was very professional and demonstrated our equipment very well. Since the demonstration took place we have received numerous enquiries on our technology."

David Crouch, Product Manager, Pursuit Dynamics

"NCT: CBRNe Asia 2012 was an outstanding conference and looks to be very beneficial to my company in conducting business throughout the Asia/Pacific Region."

Larry Sproat, RSDL Manager for Asia Pacific Region

My heartfelt congratulations go out to IB Consultancy for organising such a wonderful conference. It felt great sharing my ideas, opinions and views with other delegates and speakers as well as the organisers. I shall be looking forward to working with IB Consultancy in the future."

Jamal Khan, Second In Command/Principal, Institute of IED Management, Central Reserve Police Force

I appreciated the views of Jamal Khan and the offer to Mumbai police for training support. I look forward for more interaction in future."

Amit Kashyap, Business Development Manager, Cobham

Why exhibit?

NCT CBRNe Israel is a 3 day event, and the first international CBRNe exhibition in Israel. It is a platform for companies to showcase their products while gaining easy access into the Israeli market. What makes this event unique for international exhibitors is that Israel is a major industry, and as it is a private show, only industry figures, buyers, and decision makers are able to attend, making it optimal for business opportunities.

As an exhibitor, NCT CBRNe Israel can provide you with access to:

- Full exposure to Israeli end-users
- International delegations
- Executives from the defense industry and influential military personnel from both Israel and abroad
- Israeli government officials and senior staff involved in Israel defense procurement
- Israeli & International media exposure
- Top ranking officials from the Israeli MOD, IDF and the Israeli Police

Where will the delegates come from?
