

# 4<sup>th</sup> World **BORDERPOL** Congress

8<sup>th</sup>-10<sup>th</sup> December 2015

The Hague, Netherlands

**Enhancing collaboration in global border protection and management challenges.**

## EXHIBITOR PROSPECTUS

The World BORDERPOL Congress is the only multi-jurisdictional transnational platform where the border protection, management and security industry policy-makers and practitioners convene annually to discuss the international challenges faced in protecting not only one's own country's borders, but those of neighbours and friends.

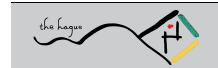

We look forward to welcoming you to The Hague, Netherlands on 8<sup>th</sup>-10<sup>th</sup> December 2015 for the next gathering of border and migration management professionals.

**Border protection and management is becoming an increasingly global challenge!**

## **4th World BORDERPOL Congress**

**8<sup>th</sup>-10<sup>th</sup> December 2015, The Hague, Netherlands**

*for the border management and security industry*

Following the resounding success of the 3rd World BORDERPOL Congress in Budapest, Hungary, which brought together the world's senior policy makers, practitioners and players, the 4th World BORDERPOL Congress is delighted to be moving to The Hague, Netherlands, to continue to develop and enhance international co-operation and collaboration amongst the border management and security industry.

With the support of the Municipality of The Hague and The Hague Security Delta, the 4th World BORDERPOL Congress in The Hague will provide a platform for the world's border protection forces and agencies to discuss and debate the current and future issues and challenges facing the border management, security and migration management sectors.

Controlling and managing international borders in the 21st Century continues to challenge the border control and immigration agencies around the world. It is generally agreed that in a globalised world borders should be as open as possible, but threats continue to remain in ever evolving circumstances and situations.

Advancements in technology are assisting in the battle to maintain safe and secure international travel. The border security professional still remains the front line against these threats.

The World BORDERPOL Congress is a high level, 3 day event providing you with the opportunity to reach the senior decision makers in the border protection and management industry.

## **BORDERPOL**

*The world border organization*

[www.borderpol.org](http://www.borderpol.org)

BORDERPOL was founded in March 2003 by serving and former members of the international border policing and border management community.

The organisation's primary mission is to promote international borders that enhance human mobility whilst ensuring traveller safety, security and facilitate smart and secure border systems by working with the border security establishments of like-minded nations to ensure that international borders protect as well as connect people and places.

BORDERPOL's Prime Directives:

- Promote common standards and good governance within the international border security and border management community.
- Establish relevant information sharing systems in formats tailored to meet broad international border enforcement requirements.
- Promote interoperable border technologies and systems to facilitate genuine movements of people and goods.
- Establish centres of knowledge to support BORDERPOL member's ability to detect, document and deter border related crime.
- Promote best practices in the areas of training, legislation and removal agreements.

#### Cyber Security Capital

The Hague has become Europe's cyber security capital. Many influential cyber security organisations are based in The Hague area, including the National Cyber Security Centre, the European Cyber Crime Centre, the NATO Communications and Information Agency, Europol, and the Defence Cyber Command. Also, many large and niche businesses and knowledge institutions in cyber security, including the Cyber Security Academy, have come to The Hague and are united in the Dutch security cluster.

#### The Hague Security Delta

The Hague Security Delta (HSD) is the largest security cluster in Europe. In this Dutch cluster, businesses, governments, and knowledge institutions work together on innovation and knowledge in the fields of cyber security, national and urban security, protection of critical infrastructure, and forensics. They have a common goal: more business activity, more jobs, and a secure world. The HSD Campus, the national innovation centre for security with living labs, education and training facilities, flexible office space and meeting rooms, is based in The Hague. Businesses, governments and knowledge institutions from across the country collaborate at the HSD Campus to develop knowledge, products, and services that contribute to a safer and more secure world. The Campus is the inspiring meeting place for entrepreneurs, students and professionals in the security cluster. In The Hague region alone 400 security businesses operate and employ 13,400 people.

*'I learned so much about the latest trends, challenges and developments across the globe. It was very useful for me and a great networking event as well. It was an extremely well run event. Great job.'*

**Dennis Cosgrove, Head of Border Security Management Unit, OSCE**

*'As an exhibitor, Wagtail UK found the BORDERPOL conference and exhibition extremely valuable in terms of increasing our company profile. The exceptionally high calibre of VIP's delegates and visitors from both the UK and overseas gave us the opportunity to showcase our detection dog services to government representatives of the highest level'*
